### Tools needed :

- Adhesive
- Paper trimmer
- Ink (optional)

### Designer tips :

- Ink photos, papers and Chipboard pieces to make them look vintage.
- When using very colorful paper try using black and white photos to create balance.

**Step 1:** Use the brown side of the Wild Card paper as the base paper.

**Step 2:** Cut two 2" squares from the following papers- Shuffle, Speedway, Dominoes, and Drive papers. From Cash Out paper, cut four 2" squares and use 2 featuring the front designs and 2 featuring the back. Set aside.

**Step 3:** Cut Island Mist Vintage strips 1 ¼" x 12" (2). Cut photo mats 3 ¾" x 5 ¼" (2) and attach photos.

**Step 4:** From Bold paper, cut two ¾" x 12" strips and adhere to center of Island Mist strips; add brads. Place strips vertically ½" in from left and right sides of the base page.

**Step 5:** Place photos ¼" in from strips on each side and ¼" from top/bottom.

**Step 6:** Evenly space previously cut 2 x 2 squares and attach as shown.

**Step 7:** Attach chipboard pieces on top of squares as desired.
